

Paying attention pays off

There are simple, basic things JCCs can focus on to avoid becoming a statistic.

FIRST STEPS

Form your safety team

Include program and premises audits

Establish incident/injury reviews for employees, volunteers and participants

Identify safety hazards and suggest corrections

Develop safe work practices for staff and volunteers who assist in the JCC or camp

Implement safety training

Promote activities that encourage staff support of safety efforts

For more information and resources about creating a culture of safety at your JCC visit JCCA.me.
